**THE WORLD'S
MOST INNOVATIVE
LAMINATE FLOORING**

NEW

Authentic is a finishing technique that follows the motif and the relief of the wood pattern in the floor. As a result the surface looks exceptionally natural and feels natural too.

NEW

Quick-Step laminate planks with Perspective 4 are gently bevelled along both long and short sides so that the panels click into place to create a subtle v-groove all round. Decorated with a design that corresponds to the surface design, Perspective accentuates the feel of a genuine plank floor.

**LIVING
SURFACE**

A surface that breathes life into the wood motif in the Quick-Step laminate plank floors and the stone motif in the Quick-Step tiles.
