Polished veneer wrapped mouldings

Howarth Timber's Fibretrim natural range offers veneer wrapped MDF Torus skirting and architrave in a natural sanded veneer or a lacquered finish. The Fibretrim Natural range gives the appearance of solid wood with all the benefits of an mdf wrapped moulding. By using MDF, the skirting and architrave is of a completely stable construction which will not bow or twist, whilst the veneer finish is free from knots or defects and gives a consistent finish in colour and woodgrain
