(Right) The reversible window will turn almost 180 degrees, without intruding into the room and will allow for the safe cleaning of glass or maintenance to the outside of the sash or glazing units.

NOTE: All glazed frames now include low-E 24mm glazing. Frames 1500mm high or above, include low-E toughened glass. Window sizes shown are nominal and will be approx 5 mm less than the size shown to allow for building in.
